

## Year 3 – Year 6 Student Agreement

***We agree to use digital technologies and online services safely and responsibly for learning by:***

Using digital devices, apps and online services that will help us with learning tasks we are expected to do
Taking care of the school's digital technology
Only using apps and online services approved by the school
Being mindful of not wasting resources and taking care of our environment by: <ul style="list-style-type: none"><li>- Only printing when necessary</li><li>- Only downloading large files when necessary</li></ul>
Keeping login details (username and password) to ourselves
Not using other people's login details
Organising digital work so that it can be easily found and accessed, knowing that the school will not be responsible for any loss of data
Respecting ourselves and others by not using the school's internet or network services to download, display, print, create, save or transmit materials that: <ul style="list-style-type: none"><li>• use obscene, threatening, or disrespectful language</li><li>• are rude or abusive</li><li>• cause offence to others or engage in bullying behaviour</li><li>• are illegal or dangerous</li></ul>
Immediately informing the teacher if we see or hear something we are unhappy or uncomfortable with (e.g. Email, post, online image, etc.)
Posting kind and respectful communication online
Being cyber-safe and not spreading viruses via email or posts
Not sharing or posting personal information online (e.g. images, surname, address and phone number of ourselves, families or school) unless instructed to do so
Always seeking permission before posting content that includes images and/or audio of others
Knowing that our devices, content we post and sites we visit may be monitored by the school to ensure our safe and responsible use of digital technologies
Knowing that the school will take all reasonable precautions to ensure that we cannot access inappropriate materials, but ultimately, we will be held responsible for the content we access online.
Knowing that we are responsible for critically checking the accuracy of information we obtain from online sources or AI generated content because not everything we see, read or hear online is true
Acknowledging when we have used other people's work or AI generated content in our work, including pictures, video, audio and information
Only using digital technologies approved for use at school when we are at school

***We agree to use digital technologies and online services safely and responsibly for learning.***

***We understand that access to digital technologies may be restricted or removed if consistently used in an unsafe or irresponsible manner.***
